CELEBRATING
30 YEARS OF EXCELLENCE
1991-2021

OVER 15 TRUSTED BRANDS AND GROWING

For 30 years, Bisco Canada has been a leader in restorative dentistry with its high-performance adhesives and composite materials. Today, we provide exceptional products from a variety of reputable manufacturers to help dentists and hygienists achieve superior clinical results.
Welcome to the 2021 Pacific Dental Conference Virtual Experience

This year is totally different from anything we have done before! The PDC has been reimagined into a completely on-line event and we’re happy you’ll be joining us from the office, your home, or anywhere.

We must give a big thank you to our loyal exhibitors who are here during this conference and looking forward to connecting with you via, chat, message or video on these virtual exhibits.

There are lots of show specials and information that will come to you in your swag bag via your email. Have a look at them and see what’s new.

All of the sessions have been recorded and are available for you until April 30th. There are over 35 hours of educational content that you will have access to, at your leisure!

You can also connect with your colleagues on one or more of our social media platforms: Facebook, Instagram, and Twitter @pdconf #2021PDC

If you have any issues as you navigate through this site please use the help button as we have a technical team of “red vests” waiting to assist you for a great experience.

We thank you for joining us in this new experience – we promise you an incredible three days – learn, socialize, enjoy!

Continuing Education / Reporting Your CE

Reporting Your CE in British Columbia

It is your responsibility to submit your CE to your regulator. PDC does not submit CE credits on your behalf.

For B.C. Dentists, Dental Therapists and Certified Dental Assistants (CDAs), continuing education (CE) credits may be accumulated by:

One credit for each hour attending eligible sessions (e.g. 1.5 hour course = 1.5 CE credits)

Dentists, Dental Therapists and CDAs: Submit your PDC CE credits online by visiting www.cdsbc.org and logging in with your registration/certification number and password. You can also print and complete an individual CE credit submission form (available at www.cdsbc.org/ce-submission) and email it to CE@cdsbc.org.

CDSBC reminds registrants to be aware of the maximum limits allowed for certain subjects. Please see the College’s Continuing Education Requirements document for complete information.

Attendees will have access to PDC on Pheedloop until April 30, 2021.

Virtual sessions
All of the sessions are between 60-90 minutes and are pre-recorded. Speakers will be in attendance, via ‘live’ chat, during the launch time in the program. The launch time refers to the first time in the program that the session will be visible.

On-demand sessions
All of the virtual sessions will be available on-demand to registered attendees until April 30, 2021. Attendees will be able to view the live chat that took place in the initial launch of the session but will not have the ability to ask questions during on-demand viewing.

Report Continuing Education
Each session that is eligible for CE will have a quiz at the end that must be completed in order for a certificate of attendance to be generated. Attendees will have access to all of the sessions until April 30th.

For hands-on courses, attendees will be sent a certificate of completion that will include the number of hours of instruction.

Some sessions may not be eligible for CE. This final Conference Program indicates which courses have been approved by CDSBC, to be eligible for CE credit by the following symbols:

<table>

Continuing Education / Reporting Your CE

Reporting Your CE in British Columbia (continued)

It is your responsibility to submit your CE to your regulator. PDC does not submit CE credits on your behalf.

Attendees Who Require Record of Attendance
Registrants should consult with their regulatory authorities for CE credit requirements prior to attending the conference. It is the responsibility of each individual requiring a conference CE report to complete the session quiz in order to generate a certificate of attendance to claim credits.

BC Dentists also licenced in Alberta must have the certificate of attendance to claim credits.

BC Dental Technicians please refer to the College of Dental Technicians of British Columbia website for details: www.cdt.bc.ca

BC Denturists please refer to the College of Denturists of British Columbia website for details: www.cd.bc.ca
If your licensing board requires you to provide a CE report, please have the certificate of attendance to claim credits.

Do you need to provide a report of your attendance?

Report Continuing information
Each session that is eligible for CE will have a quiz at the end that must be completed in order for a certificate of attendance to be generated. Attendees will have access to all of the sessions until April 30th.

Reporting Your CE in Alberta and Saskatchewan

Attendees Who Require Record of Attendance
Registrants should consult with their regulatory authorities for CE credit requirements prior to attending the conference. It is the responsibility of each individual requiring a conference CE report to be scanned in and out of every session to ensure accurate reporting for CE credits. For those attendees who scan, individual CE attendance reports can be downloaded from the PDC website after the conference.

Reporting Your CE to Alberta Dental Association and College
Course / Lecture (in person): Session made available at a scheduled time over the course of the official conference dates of March 4-6. At each session's debut, the session's speaker will be available for one hour to answer attendees' questions via online chat in the Pheedloop virtual event.
Self-Study: Session videos available for on demand viewing until April 30, 2021.
Attendees: Individual CE attendance reports can be downloaded from the PDC website after the conference using your ID and password.

Submit your PDC CE credits on the ADA&C members' website using the Self-Reporting link.
It is your responsibility to submit your CE to the Alberta Dental Association and College (ADA&C). PDC does not submit CE credits on your behalf.

1. One credit for each hour attending sessions (e.g. 1.5 hour course = 1.5 CE credits)
   AND/OR
2. Two credits for general attendance/ exhibits (maximum of 2 conventions per two-year cycle)

Alberta Registered Dental Hygienists must submit their conference attendance report directly to the CRDHA within 120 days. Continuing Competence Program credits are determined by the CRDHA Competence Committee. Some courses may not be eligible for credit.

College of Dental Surgeons of Saskatchewan require their members to submit their attendance record directly to CDSS. Some courses may not be eligible for credit.

Do you need to provide a report of your attendance?

Report Continuing information
Each session that is eligible for CE will have a quiz at the end that must be completed in order for a certificate of attendance to be generated. Attendees will have access to all of the sessions until April 30th.
Discover the power of the dentalcorp network

Benefit from:

**Fun Social Events at the PDC**

**Life is Too Short to Drink Bad Wine**

Friday, March 5, 2021
6:00pm – 7:30pm  *From home or anywhere!*

Join us for a unique wine tasting experience as we sample a collection of Little Engine’s Gold Series Wines. A tasting pack including Chardonnay, Pinot Noir and Merlot will be delivered to your home, and you will then join in virtually with the wine proprietor, friends and colleagues to sample and learn about these award winning wines.

Cost $75.00 (plus GST)
Registration deadline February 12

---

**FIRST FIVE Virtual Networking Event**

Friday, March 5, 5:30pm – 6:30pm

Watch your email for registration info or email info@bcdental.org subject line: First Five

Are you an internationally-trained dentist (including USA) in your first five years of practice?

Co-hosted by BCDA and PDC, First Five is an annual networking event dedicated to helping new internationally and US-trained members connect with established practitioners in BC. In this FREE event, you will learn more about the unique role BCDA plays in supporting dentists in BC.

Thank you to CDSPPI for their generous support of BCDA’s Dental Mentorship Program.

Navigating the Virtual Lobby

Virtual Access
Each registered delegate will receive personal login details. Your login will be the email address you registered with, and a unique password which will be sent to you in an email on Monday, February 22. At this time you will be able to login and setup up your profile and familiarize yourself with the virtual platform before the March 4th opening.

Web Browser
We recommend using Google Chrome as your internet browser, many older browsers will not support the virtual platform (such as Internet Explorer). For best viewing, we recommend you use a laptop or desktop computer.

Sessions
Find out who is speaking and topic categories. You can watch these pre-recorded talks with the speaker answering Q&A throughout the session via messages. Or you can watch these sessions "on-demand" until April 30.

Networking
There will be several ways to virtually network with colleagues and friends. Each space in the virtual event platform has its own public chat: the lobby, sessions, and the exhibit hall. You will be able to see who is present in the room with you by clicking on the person icon at the top of the chat section. In addition, you can send a private chat or start a 1:1 private video call.

Virtual Photo Booth
Smile, Snap and Share! Take a picture at our virtual photo booth and share it on social media for a chance to win!

Gamification
Join us for a fun scavenger hunt – codes will be hidden throughout the event - in session feedback forms, descriptions, daily announcements, and chat. Exhibitors will also be providing codes when you visit their virtual exhibits.

BCDA Virtual Job Board
Dental office looking for staff? Dental professional looking for employment? Post a job or post your availability (50 words or less) on BCDA's Job Board! Visit our virtual exhibit frequently during March and April to review new postings.

See pages 25 and 26 to see who’s participating!
Navigating the Virtual Exhibits

**virtual exhibits available**
- Thursday 1:00pm to 8:00pm (PST)
- Friday 8:30am to 4:30pm (PST)
- Saturday 8:30am to 4:30pm (PST)

- **Exhibit Hall**
  - The Exhibit Hall hosts virtual exhibits. Stop by to chat with them (via text or video) – exhibitors will be offering exclusive discounts and savings to PDC attendees and giving out gamification codes!

- **Product Demos**
  - These are 30 minute pre-recorded messages from our exhibitors about the latest news of products.

- **Virtual Swag Bag**
  - A personalized virtual swag bag will be delivered to each attendee’s inbox. Each content card will include an exclusive discount or offer from PDC’s virtual exhibitors.

- **Exhibitor Listings**
  - Please see pages 25 and 26 in this program for the listings and contact information

- **Join Live**
  - Have real time chats with exhibitor reps who are there to answer your product questions.

Thursday, March 4

Morning Course

Hands-On (OnLine Live)
Mastering the Class IV Restoration
Robert Margeas, DDS
Thursday, 9:00am–11:00am
LA01 Cost $399

Registration deadline February 12

Learning Pattern:
Clinical Excellence
Aesthetics, Materials/Techniques
Restorative/Operative Dentistry

Robert Margeas graduated from the University of Iowa College of Dentistry in 1986 and completed his AEGD residency the following year. He is currently an adjunct professor in the department of Operative Dentistry at the University of Iowa. He is Board Certified by the American Board of Operative Dentistry and is a Fellow of the Academy of General Dentistry.

The use of a lingual matrix to replace the lingual shelf followed by precise placement of dentin, incisal and enamel shades can yield consistent and accurate results. In this course, Dr. Margeas will review a Class IV case then perform each step of his technique, live via an interactive webinar format. Participants will then perform Dr Margeas’ Class IV case simultaneously in the comfort of their own office, LIVE.

Co-sponsored by Clinical Research Dental Supplies & Services

Technique Kit (mailed to participant) includes:
Anterior Six Tooth model; Allen Key; Matrix Impression Material; Dental Adhesive; Universal Restorative Composite (various shades); Composite blending resin; Diamond Bur F8888; Composite Brush; Composite Instrument; All Surface Access Polishers; Mandrel; Finishing and Polishing Discs; Polishing Wheel; Polishing Paste; Impression mixing tips; Dappen Dish; Microbrush; Benda Brush; Mylar Strips.

Required Materials (not included):
Each participant should have the following items available for the course:
Compute Dispenser, Explorer, High Speed Handpiece, Slow Speed Handpiece, Air/Water Syringe, Curing Light, Scalpel #12, Gauze, Alcohol, Football Shape Carbide or Fine Grit Diamond, Diamond Strip, Loupes, Scissors.
For posterior cases, Evanesce packs and sculpts well with zero slump and no pull-back from contact areas.

Danièle Larose, DMD, AAACD
Montréal, Québec

STRONG.
Evanesce is a universal composite material system with no slump handling, outstanding polishability and VITA shade match, as well as three opacities that allow you to do it all.

Michael Miyasaki, DDS
Sacramento, CA

SIMPLE.
“Evanesce is a universal composite material system with no slump handling, outstanding polishability and VITA shade match, as well as three opacities that allow you to do it all.”

Michael Miyasaki, DDS
Sacramento, CA

BEAUTIFUL.
“Developing detailed morphology on anterior restorations is easier with Evanesce due to its no slump handling.”

Marcos Vargas, BDB, DDS, MS
University of Iowa

This virtual hands-on course provides the participants with pearls to predictably shape and polish anterior composites to rival the beauty of porcelain restorations. Dr. Chan will discuss and demonstrate in detail the predictable techniques to develop the primary, secondary and tertiary anatomy in composite restorations for any tooth shape imaginable utilizing a few simple tools and seamlessly polish those restorations within a few minutes. You will have the opportunity to perform the technique step-by-step alongside Dr. Chan. Live Q&A also available. Technique Kit & Technique Guide included.

Co-sponsored by Clinical Research Dental Supplies & Services

Technique Kit (mailed to participant) includes:
- Anterior Six Tooth model
- Allen Key
- Matrix Impression Material
- Dental Adhesive
- Universal Restorative Composite (various shades)

Hands-On Courses – OnLine Live

Friday, March 5

Morning Course

Hands-On (OnLine Live)
Esthetic Peg Lateral & Class III Direct Restorations
Marcos Vargas, BDB, DDS, MS
Friday, 9:00am–11:00am
LA03  Cost $399

Registration deadline February 12

Learning Pattern:
Clinical Excellence
Restorative/Operative Dentistry, Aesthetics

CE Approval  CDSBC  CE  CDHBC  N/A

Marcos Vargas attended Cayetano Heredia University School of Dentistry in Lima, Peru and graduated in 1985. He spent two years, 1990 to 1992, in the AEGD program at the Eastman Dental Center in Rochester, New York. Dr. Vargas received his Certificate and Master Degree in Operative Dentistry in 1994 at the University of Iowa where he is currently a Professor in the Department of Family Dentistry.

This in-your-office, virtual hands-on exercise will teach you to build up peg laterals and large Class III restorations. The participants will be guided step-by-step through shade selection, tooth preparation, bonding, matrix adaptation, creating proximal contacts, layering, contouring and polishing to conservatively, predictably and successfully build up peg laterals and large Class III preparations utilizing direct resin composite.

Co-sponsored by Clinical Research Dental Supplies & Services

Technique Kit (mailed to participant) includes:
Anterior Six Tooth model; Allen Key; Matrix Impression Material; Dental Adhesive; Universal Restorative Composite (various shades); Composite blending resin; Diamond Bur F8888; Composite Brush; Composite Instrument; All Surface Access Polishers; Mandrel; Finishing and Polishing Discs; Polishing Wheel; Polishing Paste; Impression mixing tips; Dappen Dish; Microbrush; Benda Brush; Mylar Strips.

Afternoon Course

Hands-On (Live On-Line)
Creating Endodontic Success: Predictably, Efficiently and Painlessly
Gary Glassman, DDS, FRCD(C)
Friday, 1:00pm–4:30pm
LA04  Cost $299

Registration deadline February 12

Learning Pattern:
Clinical Excellence
Endodontics

CE Approval  CDSBC  CE  CDHBC  N/A

Gary Glassman is a graduate from the University of Toronto, Faculty of Dentistry and the Endodontology Program at Temple University. Highly published, he lectures globally on endodontics, and is on staff at U of T and Adjunct Professor of Dentistry and Director of Endodontics at the University Tech in Kingston, Jamaica. Gary is Endo Editor for Oral Health Journal, Faculty Chair for DC Institute and CDO of dentalcorp.

This virtual course consists of lecture and REMOTE LIVE HANDS ON experience addressing breakthrough endodontic concepts detailing the skills necessary for acquiring the expertise and confidence to perform the highest quality endodontics.

As a participant in our virtual hands-on program, you will become familiar with the use of the “apex last” approach to canal shaping with nickel-titanium instrumentation using the ProTaper Gold Rotary NiTi System. The end result is increased resistance to cyclic fatigue with more confidence in your hands.

Open Sessions – (virtual)

Afternoon Presentations

So Your Patient Has Head and Neck Cancer...
Jessica Metcalfe, BSc, DMD
2:00pm-3:30pm - live in person for Q&A message/chat
Pre-recorded 90 minute session (can also be viewed on-demand until April 30)

Learning Pattern:
Clinical Excellence
Oral Medicine/Oral Pathology,
Treatment Planning

CE Approval

Miles R. Cone is a graduate of Tufts Dental School, and completed a 3-year Prosthodontic residency program while serving in the U.S. Army. Dr. Cone is board-certified in his specialty and is also a Certified Dental Technician. When Dr. Cone is not at the chair, in the classroom, or in the lab, he can be found lecturing on the international circuit, publishing in journals, and serving as a KOL.

The global pandemic created by the Coronavirus has drastically altered the way doctors approach health care – particularly in the field of dental medicine. For many dentists, the landscape that awaits after the dust has settled will look radically different than the way they remembered it. Improvisation and adaptation to virtual health technologies will become the new normal for the dental practitioner in a post-Corona world. This presentation will outline a quick-start guide to the increasingly trending topic of Teledentistry, and illustrate how and when to implement this treatment modality.

**Pre-recorded 90 minute session (can also be viewed on-demand until April 30)**

---

### Morning Presentations

#### Today's RDH: The Primary Care Provider

**Jo-Anne Jones, RDH**
8:30am–10:00am - live in person for Q&A message/chat
Pre-recorded 90 minute session (can also be viewed on-demand until April 30)

**Learning Pattern:**
- Clinical Excellence
- Dental Assisting, Dental Hygiene, Materials/Techniques, Periodontics, Communication, Health

**CE Approval:**
- CDHBC A1, A2, D2

As a recognized thought leader and award-winning speaker, Jo-Anne Jones has delivered over 1,000 presentations across Canada, the U.S., England, Ireland and Bermuda. Jo-Anne has been selected as one of DPR’s Top 25 Women in Dentistry and joins the 2021 Dentistry Today CE Leaders for the 11th consecutive year.

Dental hygienists have always been valued primary care providers and critical within the regulated healthcare professions, however, in today’s world we are invaluable beyond measure. The requirement to reduce the chronic inflammatory burden has never mattered more. Our clients are depending on us.

**Co-sponsored by Oral Science**

#### Avoiding Failures and Resolving Aesthetic Challenges Utilizing Digital Technology

**Joyce Bassett, DDS, FAACD, FAGD**
9:00am–10:30am - live in person for Q&A message/chat
Pre-recorded 90 minute session (can also be viewed on-demand until April 30)

**Learning Pattern:**
- Aesthetics, Materials/Techniques

**CE Approval:**
- CDHBC A1, A2, D2

Joyce Bassett practices comprehensive restorative aesthetics Accredited Fellow AACD President 2016 Diplomate of ABAD Associate member of the AAED KOIS Clinical Instructor active member Academy Fixed Prosthodontics FAGD Adjunct faculty dental school. Catapult speaker top five female CE educators. International lecturer published author editorial board of publications.

This session will explore frequently seen problems that occur during restorative treatment showcasing a variety of modes of failures and outlining techniques used to both prevent and remedy these failures. Dr. Bassett will also cover communication techniques that offer realistic patient expectations.

**Co-sponsored by Catapult Education**

---

**Sonia Leziy**

Sonia Leziy, periodontist, maintains a full-time practice on Vancouver Island, British Columbia. She is a clinical associate professor at UBC. She has received numerous awards, she has been recognized by Dentistry Today as a leader in continuing education since 2007. She is the implant editor for Aegis’ Inside Dentistry, a member of the ITI board of studies and lectures internationally.

This surgical procedure will highlight the treatment planning considerations in immediate implant placement and the options to control the soft tissue response through provisionalization, along with candid discussion of important analog and digital steps in guided workflows.

**Co-sponsored by Straumann**

Aesthetics, Dental Assisting, Photography

Peri-Implant Support for the Dental Hygienist; An Evidence-Informed Approach

**Penny Hatzimanolakis** is a UBC educator (2002) involved with the dental graduate/undergraduate programs. A scientific investigator focusing on periodontal disease/implant, leading to peer-reviewed publications. An oral primary healthcare provider (1994) within a periodontics/prosthodontics team. A business owner (2002), UpScale Consulting, empowering colleagues in delivering comprehensive care.

With 5 million implants placed annually, primary oral health care providers play a pivotal role in maintaining implant health. This lecture will focus on the current AAP classification for Implants, the process of care module, ADPIE and Guided Biofilm Therapy in achieving comprehensive care.
Co-sponsored by Dentsply Sirona

Unleash Your Authentic Brand

**Angela Mulrooney** is a global speaker, best-selling author, social media expert, and dental business coach. She works with clients in globally to unleash their authentic brands on social media and in their business, taking clients from chaos to organization so they function at peak performance year round.

In this cutting edge, nuts-and-bolts course, Dr. Angela Mulrooney pulls back the curtain and reveals all the steps to success. By covering everything you’ll need to create a tailored, high-level social media brand strategy, she shines a spotlight on techniques that have helped her clients increase their following by thousands. Explore a comprehensive digital marketing and brand outreach strategy that will enhance your online presence.
Co-sponsored by Crest Oral-B

Better, Faster and Safer Endodontics During and Beyond Covid

**Manor Haas** is a certified specialist in endodontics and is extensively involved in continuing education. Dr. Haas is on staff at the University of Toronto Faculty of Dentistry and the Hospital for Sick Children. He maintains a private practice limited to endodontics and microsurgery in Toronto. Dr. Haas is a regular contributor to dental magazines and blogs and has no disclosures to make.

The program will show dentists and the entire dental team when and how to treat patients and how to perform root canals better, faster and more safely. All while incorporating Covid-relevant protocols for dentists and the entire dental team. Many clinical tips and tricks will be presented.
Co-sponsored by Dentsply Sirona

Photographing Patient’s Malocclusion SLR, Point and Shoot, and Smart Devices

**Shannon Pace Brinker, CDA** is an international speaker, published author, and practicing dental assistant for over 30 years. She has started one of the first online platforms designated for dental assistants called the Academy of Chairs Assisting®.

This course will provide dental assistants with the following:
Understanding the necessary skills to shoot basic photographs for quick co-diagnosis; as well as pretreatment, treatment, and post-treatment clinical angles required for documentation.
**Open Sessions – (virtual)**

**Friday, March 5**

**exhibits open 8:30am to 4:30pm**

### Afternoon Presentations

**Bambi vs Godzilla – How to Deal with Difficult People**

*Bruce Christopher,  M.A., M.A., LP, CSP*

2:00pm–3:30pm  - live in person for Q&A message/chat

Pre-recorded 90 minute session
(can also be viewed on-demand until April 30)

**Learning Pattern:**

- Personal Development
- Communication

**CE Approval**

- CDSCB  N2
- CDHBC  B.2

**Description:**

Psychologist and Humorist, Bruce Christopher. “Comedy with Content!” At the heart of it all, what separates Bruce from the pack is his outrageously funny dynamic delivery of today's hot topics. Bruce inspires audiences internationally by giving them real, immediate solutions for change without fluff and hype.

Difficult people are everywhere! They can be patients, co-workers, Dr's, neighbors, even spouses. This program humorously reveals the six basic difficult personality styles that are out to drain you and your practice of vital energy. You will learn what they do, why they do it, and what you can do.

**Salima Dadani** is Director, Member Support with BCDA. Her journey in dentistry over the last 21 years has included being an Associate, practice owner, and owner of an innovative business that brings the dental clinic to patients who can no longer get to their traditional dentist. Dr. Dadani also has a strong commitment to volunteering, and serves on BCDA's Geriatric Dentistry Committee.

**Kartik Bharadwa** is BCDA's Director, HR and Operations. He has extensive experience in leadership development, talent acquisition, performance management, and change management. He has built employee development programs, employee recruitment and retention procedures, and is well-versed in collective bargaining, Employment Relations, Human Rights and OH&S.

**Nicole Toye**'s practice focuses on day-to-day employment advice and advising clients on a wide range of employment issues, including employment contracts, terminations, wrongful and constructive dismissal claims, statutory employment obligations, and human rights issues. She has appeared before the Provincial Court of British Columbia, the Supreme Court of British Columbia, and the Court of Appeal.

Are interpersonal issues and staff turn-over affecting patient care in your practice? Are you struggling to calm staff anxiety and stress in these difficult times? Join BCDA's Member Support team, along with legal and HR experts to provide practical solutions to real scenarios facing dentists in BC.

*Presented by British Columbia Dental Association*

### Gasundheit! Did You Catch That? Infection Control Since COVID-19

*Nancy Dewhirst,  RDH, BS*

3:00pm–4:30pm  - live in person for Q&A message/chat

Pre-recorded 90 minute session
(can also be viewed on-demand until April 30)

**Learning Pattern:**

- Clinical Excellence
- Dental Hygiene, Safety/Infection Control

**CE Approval**

- CDSCB  C
- CDHBC  A.1

**Description:**

Nancy Dewhirst graduated from University of Southern California, practiced dental hygiene for 20 years, is adjunct dental hygiene faculty at West Coast University and member of Sigma Phi Alpha Honor Society. She has had numerous articles published, is consistently listed as one of the nation’s “Leaders in CE”, presents over 80 seminars a year at major U.S. and Canadian Dental Conferences.

This webinar addresses air quality safety recommendations, considerations, unknowns and options for dentistry considering the COVID-19 pandemic. A hierarchy of risk mitigation steps will be explained in the context of evolving guidelines and regulations.

### What in The World Does Digital Dentistry Mean in 2021

*Jonathan Ng,  DDS, MSc, FRCDC(C)*

Certified Specialist in Prosthodontics

3:00pm–4:30pm  - live in person for Q&A message/chat

Pre-recorded 90 minute session
(can also be viewed on-demand until April 30)

**Learning Pattern:**

- Clinical Excellence
- Dental Technician, Digital Dentistry, Fixed Prosthodontics

**CE Approval**

- CDSCB  C
- CDHBC  F.2

**Description:**

Jonathan Ng is a Certified Specialist in Prosthodontics in Vancouver focusing on complex prosthodontic treatment and the surgical placement of dental implants. Also a staff prosthodontist at the BC Cancer Agency providing multifaceted reconstruction for those affected by cancer. Dr. Ng lectures nationally and internationally on digital dentistry and is involved in the development of many new dental technologies.

The past, present and future of digital dentistry can be confusing and difficult to navigate. This session provides a simple overview of what digital dentistry means for your practice in 2021. Take patients on the journey from start to finish where every practice will gain from these tips and tricks.
BCDA is the Voice of BC Dentists. We promote the profession and deliver services to help you save time and money, reduce your risk and stress, and help you succeed. BCDA is your safe haven for help and connection when you need it most.

Morning Presentations

Functional Implications of Occlusal Misalignment
Shannon Pace Brinker, CDA
10:00am–11:30am - live in person for Q&A message/chat
Pre-recorded 90 minute session
(can also be viewed on-demand until April 30)
Learning Pattern:
Clinical Excellence
Aesthetics, Dental Assisting, Occlusion/TMD
Shannon Pace Brinker, CDA, is an international speaker, published author, and practicing dental assistant for over 30 years. She has started one of the first online platforms designated for dental assistants called the Academy of Chairside Assisting®.
Assessing the health and vitality of periodontal tissues is a fundamental aspect of patient care. When utilizing simple yet effective screening modalities, clinicians can create an experience that supports long-term gingival health. Understanding various occlusal theories, and patient symptoms.

Emerging Diseases: No Rest for the Wicked
Nancy Dewhirst, RDH, BS
11:00am–12:30pm - live in person for Q&A message/chat
Pre-recorded 90 minute session
(can also be viewed on-demand until April 30)
Learning Pattern:
Clinical Excellence
Dental Hygiene, Safety/Infection Control
Nancy Dewhirst graduated from University of Southern California, practiced dental hygiene for 20 years, is adjunct dental hygiene faculty at West Coast University and member of Sigma Phi Alpha Honor Society. She has had numerous articles published, is consistently listed as one of the nation’s “Leaders in CE”, presents over 80 seminars a year at major U.S. and Canadian Dental Conferences.
Against the backdrop of a COVID-19 pandemic, knowledge of novel pathogens and microbial evolution is vital. Explore known, new and altered diseases of importance to dental professionals including bloodborne, respiratory and contact diseases. Discuss strategies to manage present and future emerging resistant pathogens and biofilm diseases. These issues are discussed relative to occupational risk, mitigation strategies and the “new normal” for clinical safety.

Digital Innovations: Fixed and Removables by Dentsply Sirona
Michelle Glover, CDA Level 2
11:00am–12:30pm - live in person for Q&A message/chat
